"Come and See"

B. Solidarity Fund:

The Solidarity Fund is intended to assist those communities who, for various reasons, have been unable to raise or collect the funds to make the financial commitment necessary to send a voting delegate to the National Assembly. (It is intended to primarily support travel, not delegate fees.)

a) Contributions from each local community will be requested through the Regional Representative to enable them ample time to gather and submit the funds to the National Treasurer. In the spirit of the scriptural example of the early church all communities are expected to support this fund. All donations to the fund will be kept in the National bank account until needed.

b) "Eligible delegates needing assistance to meet their assembly fees will contact the Ecclesial Assistant/Regional Rep in their region, or the National EcclesialAssistant,President(s) who will notify the National Treasurer of the request. The National Treasurer will then send the funds to those delegates requesting assistance, up to the amount available in the fund."
